🏠 <https://oscar-ct.github.io/>

Software Developer with a background in asset, account, and contract management as a former procurement specialist. Adept at developing and designing software for the web, from simple landing pages to progressive full stack web applications. Possess strong communication abilities to convey innovative ideas to diverse audiences of varying technical expertise.

DEVELOPMENT PROJECTS

Flix ([repo](#), [demo](#))

Flix is a **front-end** web application programmed with vanilla JavaScript. Utilizing OMDb API and Fetch API, users can search thousands of film titles and view relevant film data. Additionally, users can favorite and unfavorite films. This is accomplished by saving film data to a json-server hosted by Glitch.

GamerHaven ([repo](#), [demo](#))

GamerHaven is a **full-stack** social media app created for gamers across the world! Built by a team of 5, users can search over 500,000 game titles, follow other users, create posts, leave comments, and much more. GamerHaven is built on Spring, structured using MVC, programmed with Java and SQL, utilizes Spring JPA, and connected to MySQL. Front-end is built with Thymeleaf, JavaScript, jQuery, CSS, and Bootstrap.

Simply Weather ([repo](#), [demo](#))

Simply Weather is a **front-end** web application programmed with vanilla JavaScript. Utilizing OpenWeather API and Fetch API, users can view a 7-day forecast of the location of their choosing. Simply Weather is designed to be intuitive and simple, but still providing users with a plethora of data.

GameLister ([repo](#))

GameLister is a Craigslist like **full-stack** web application where users can create accounts, search listings, and post ads with full CRUD functionality. Built by a team of 3, GameLister is structured using MVC, programmed with Java and SQL, utilizes Java Servlets and JDBC API, and connected to MySQL. Database security is achieved by utilizing prepared statements. Front-end is built with JSP, JSTL, JavaScript, jQuery, CSS, and Bootstrap.

PROFESSIONAL EXPERIENCE

Buyer @ Cudd Energy Services

Mar 2016 - Mar 2020 / San Antonio, TX

- > Responsible for procurement of approx. \$250,000+ of monthly inventory
